

Dockside Motel Inc.

In 1997, a local group, consisting of four couples with four different backgrounds, saw an opportunity to be able to invest in a business that could provide them with employment to keep them in their local area.

Through the **Self-Employment Benefit** program sponsored by Service Canada and counselling provided by **CBDC NORTIP**, five out of the eight owners were able to take advantage of the program. Through the years, the Dockside Motel has newly renovated ten housekeeping cabins, fifteen motel rooms, and grown to add a Ferry Terminal to serve the patrons of the Southern Labrador Ferry. With **financial assistance** from **CBDC NORTIP's Small Business Loans** program they were able to add five high end rooms to their current capacity.

Come and stay at the Dockside Motel whether it is for pleasure or business while waiting for the Labrador ferry. For further information and reservations, visit www.docksidemotel.nf.ca or call front desk at (709) 877-2444.
