

George's Art Studio

Mr. George Bussey is a talented artist, who has completed a diploma in Visual Arts from the College of the North Atlantic (CNA). He has held large exhibitions for his artwork and sold every painting with orders to complete more, as well completed contract art courses at the CNA, delivered local programming at the Boys and Girls Club and completed commissioned paintings.

Mr. Bussey was able to secure start-up funds through **CBDC Nortip's Handi-Capital Business Loan**, tailored to assist individuals with a disability. Additionally with support from the **Self-Employment Assistance** program sponsored by *Department of Human Resources, Labour & Employment* and counselling and business training provided by **CBDC NORTIP**, Mr. Bussey's introduction to turning a hobby into a full-time business has been less stressful.

George's Art Studio offers introductory art classes (private or group), sells art supplies and painting kits and original paintings. His group classes are Monday, Wednesday and Friday from 6-9 PM.
